Years of checkered life together, Days of fair and stormy weather, Hours of toli and weary pain, Moments of eternal gain.— All are gone—we know not how, And have 1 ft us strangers now! Words t' at flowed to lighten care, Thoughts which o hers could not share, Thoughts which others could not she Hopes too bright for mortal eyes, Prayers for wisdom from the skies—All have ceased—we know not bow,

Will it evermore be thus? Shall rac pa-t be lost to us? Can the sou s, united here, Never once again be near? Must we to the sentence bow

. trangers ever, strangers now?" Thorns smid the roses press; Earth is but a wilderness; Fatting o'er a fallen race, I overan fi d no resting-place; thall we strang-ra be as now?

Saw Sharpener and Deepener. TAYLOR'S PATENT SAW SHARPENER AND DEEPENER.

GANG AND CIRCULAR SAW MILLS. HAVING PURCHASED THE PATENT RIGHT FOR THE STATE OF SOUTH CAROLINA FOR THE

above, we are now orep red to fill orders for the same.

ne advantages of this Machine are economy, dispatch and perfection in keeping all kinds of SAWS in reflect order.

By its us the teeth of the Saw are kept at a uniform depth, angle and size.

Fully one-fourth (½) and bett riumber can be cut per day where this Machine is used, the Saws running straigher, treer, taster and cut smoother.

A saw can be shappened in five minutes, and in the most perfect manner.

The price of the Machine can be saved in a few months in the cost of files and labor.

PHODES' MANURE. IN ITS PRÉPARATION, IS MADE EQUALLY ADAPTED FOR FACING large crops of Cotton, Corn, Wheat. I once o Potatoce and other Root Orops.

The Manufacturing Department is conducted by Frederick Klett, one of the most suilful Chemists and Manufacturers in the United states.

It is endursed, approved and recommended by all of the most prominent Chemists and Agriculturists in the bouthern states. "It can be relied up on as uniform in quality." always reliable, productive of large crops, and unexcelled by any in the market, in the high percentage of "True Fertilizing Principles."

Price \$57.50 cash, or \$65 time, with Factor's acceptance, and 7 per cent. interest until 1st December.

On CHILLA GUANO—"AA." a fine Bird Guano, rich in Phosphates and Alkaline Salts. Price 315

sah \$40 time.
Pastuvian Guano—Warranted pure, and always on hand. Furnished at market prices for cach.

Analysis of Rhodes' Standard Superphosphate of Lime. Soluble Phosphoric Acid.....9.06 Equal to Bone Phosphate......34.99

The above analysis indicates a Manurial Superphosphate of Lime of the highest grade ordinarily found in the American market. Its large amount of Soluble Phosphoric Acid supplies an active nutriment for the development and maturity of the fruitage. The Sulphuric Acid which it contains, by chemical affinity with the elements of most soils, contribute to its Fertillizing Properties. To show its best effects, this Superphosphate should be applied under and in contast with the Seed, and with a moderately shallow covering of soil.

G. H. WILLIAMS, Assistant Chemist. February 18th, 1869. We guarantee that every package of RHODES' STANDARD SUPERPHOSPHATE shall come up to the above analysis.
